

First Announcement and Call for Papers

The 2nd International Conference on UHPC Materials and Structures (UHPC2018-China)

Fuzhou, China
November 7-10, 2018

Organizers

Fuzhou University

Hunan University

ACF China Chapter

Welcome to the UHPC2018-China

Ultra-high performance concrete (UHPC) is progressively used in engineering for its ultra-high strength, high toughness and excellent durability. After the precedent conference (UHPC2016-China) in Changsha, China in October 2016, the 2nd International Conference on UHPC Materials and Structures (UHPC2018-China) will be hosted by Fuzhou University on November 7-10, 2018. This conference aims at promoting the research, design and applications of UHPC. Researchers, engineers, and construction experts in the related field are welcomed.

Conference Topics

- Raw Materials and Mixture Design
- Preparation and Mechanical Properties
- Volume Stability and Durability
- Microstructure and Fiber Reinforcement
- Behaviors of Elements and Structures
- New Structures
- Application in Existed Structures
- Guidelines and Specifications

Important Dates

Deadline for abstract submission	November 30, 2017
